Retirement Villages

Village Comparison Document

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

Name of village: Sunset Palms Retirement Living

Important information for the prospective resident

• The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.

Form

- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at https://www.aveo.com.au/communities/palmview/costs/
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement villages. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 18 February 2025 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

Note from the scheme operator: The village is being progressively developed. This constitutes a 'running redevelopment' for the purposes of the Act. The details of the running development are the construction of 135 independent living units and ancillary facilities within the Retirement Village. It is intended that construction occurs on a staged basis as outlined in Part 5.1 below.

Note from the scheme operator: A public road is proposed to be built alongside the eastern boundary of the village, which may also be used as a local public transport corridor. As at the date this Village Comparison Document was prepared, it is unknown to the scheme operator when this road will be built, and what its final configuration and size may be, as they are subject to change. Based on current information available to the scheme operator, this road could be a four-lane boulevard. During construction of the road and once completed, units on the eastern side of the village are likely to experience increased noise (for example, construction noise and road traffic noise), in particular units in Stage 3: 75, 76, 81, 82, 83, 84 and 85 and units in Stage 4: 57-64, 67, 68, 73 and 74, being built during Stage 4 development. Prospective residents of those units acknowledge that they are adjacent to the proposed public road/public transport corridor, and agree that they will not make a claim against the scheme operator related to the

road and its construction including (but not limited to) claims in respect of noise, dust or other pollution.

Access and design					
3.3 What disability access and design features do the units and the village contain?	 Level access from the street into and between all areas of the unit (i.e. no external or internal steps or stairs) in all some units Alternatively, a ramp, elevator or lift allows entry into all some units

	It is proposed that the following work will be carried out to the village in the future, which may constitute 'redevelopment' for the purposes of section 113C of the Retirement Villages Act 1999.				
	The scheme operator is developing the Retirement Village in stages. A master plan of the Retirement Village indicating the location of the accommodation unit buildings and facilities currently proposed to be constructed in the Retirement Village is available on request.				
facilities.	The proposed development staging will be as follows:				

	Stage 1 – Construction completed.
	 Stage 2 – Construction completed;
	 Stage 3 – Construction completed;
	 Stage 4 – 22 Independent Living Units to be completed in June 2025; and
	 Stage 5 – 34 Independent Living Units to be completed in December 2026.
	The above timeframes are estimates only (given as at the date of this document) and the scheme operator does not guarantee that construction will be completed on or before these dates.
	The development of stages will be progressive and timing for commencement and completion of construction will depend on a number of factors, including demand for units in the village, market conditions, availability of finance, timing for approvals, weather events, strikes and restrictions arising under public health directions in response to a public health emergency.
	The scheme operator does not guarantee that the above buildings and facilities will be constructed and/or provided. Whether the above facilities are constructed and/or provided will depend on a number of factors including demand for units in the village, market conditions, availability of finance, timing for approvals, weather events, strikes and restrictions arising under public health directions in response to a public health emergency.
	Note from the scheme operator: A public road is proposed to be built alongside the eastern boundary of the village, which may also be used as a local public transport corridor. As at the date this Village Comparison Document was prepared, it is unknown to the scheme operator when this road will be built, and what its final configuration and size may be, as they are subject to change. Based on current information available to the scheme operator, this road could be a four- lane boulevard. During construction of the road and once completed, units on the eastern side of the village are likely to experience increased noise (for example, construction noise and road traffic noise), in particular units in Stage 3: 75, 76, 81, 82, 83, 84 and 85 and units in Stage 4: 57-64, 67, 68, 73 and 74, being built during Stage 3 development. Prospective residents of those units acknowledge that they are adjacent to the proposed public road/public transport corridor, and agree that they will not make a claim against the scheme operator related to the road and its construction including (but not limited to) claims in respect of noise, dust or other pollution.
5.3 Redevelopment plan under the <i>Retirement Villages</i>	Is there an approved redevelopment plan for the village under the <i>Retirement Villages Act?</i>
Act 1999	□ Yes ⊠ No
	The Retirement Villages Act may require a written redevelopment plan for certain types of redevelopment of the village and this is different to a development approval. A redevelopment plan must be approved by the residents of the village (by a special resolution at a residents meeting) or by the Department of Communities, Housing and Digital Economy.

	Note: see notice at end of document regarding inspection of the development approval documents.				
Part 6 - Facilities onsite	at the village

Part 10 - Ongoing Costs - costs while living in the retirement village

General Services Charge: Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

Maintenance Reserve Fund contribution: Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Note: The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.
